

Photo Stand Ups

Fun Fotos uses your favorite pictures, or any printed artwork, to create quality Photo Sculptures, also known as Cutouts and Popouts. The tabletop, stand-up sculptures are appropriate to display on a table, piano, or mantle... in the living room, office or den.

Photo sculptures

are highly personalized since they feature your pictures. Fun Fotos' cutouts and popouts are extremely durable and long-lasting considering they are created with 1/4" thick acrylic or Plexiglas. Use as gifts, decorations, business countertop displays, awards or for you to display and enjoy in your own home or office. Photo Sculptures bring attention to the photo(s) you choose.

Wedding Anniversary

Our anniversary sculptures can include one or two cut-outs, special graphics and decorated base. A color combination of gold/black or silver/black gives it a "classy" look for monumental anniversaries. The gold is real 18 karat! These anniversary Photo Statues can be used as a cake topper, table decoration or simply as a special gift.

There is a variety of designs and prices to choose from in the "Dearly Beloved" wedding line. Includes photo cut out with detailed heart(s) background and decorations. Use as a cake topper, table decoration or gift. A Fun Fotos Exclusive! More details.

Photo Cut Outs

The background is removed with "cut outs". With a "standard" cutout (no extras), the subject stands alone on a base. Size of cut out will be approximately the same size of the image or subject as in the original picture. 1/4" thickness.

With "pop outs" the entire photo, including the background, remains and the main subject protrudes forward 1/4" giving the display a 3-D effect. With a pop out on display, you'll hear "wow"!

Reasonably priced and much more personal and unique than what you, and every other bride, find at the bridal stores. Best yet...the bride & groom retain the photo statue as a wonderful and cherished memoir.

Fun Fotos

Fun Fotos is your source for super personalized awards & trophies. We can place each individual athlete on a base as a photo cutout or the whole team. Or, place each athlete on a base with a team cut out. Add graphics that note the team or school name, season record, championship, or tourney. Created with 1/4" durable acrylic, these awards will last for years to come. A great way to record not only the event or sport but also how the athlete looked when competing. Photo sculpture awards are NOT the average trophy. And they're 3-dimensional! How cool is that?! Variety of sizes and options available. Special team rates apply.

Photo sculptures aren't just for sports trophies. Use for band, 4-H, club and organization awards of achievement and appreciation.
